

Newlong NP-3(II)

Newlong Industrial (NLI) NP-3(II)

Portable Bag Closer Bag Stitcher Machine, Single Needle, Double Thread Chain Stitch, Half-Automatic Thread Cutter. Easy to Operate. Recommended for bag closing applications demanding high strength and tight closures for materials such as Polypropylene, Multi-Wall Paper, Jute & Geotextile, Geomembranes, Geonet, Geosynthetic fabrics (landfill caps and liners). Rugged Design works in the most hard outdoor conditions! Also ideal for closing bags containing feed, seed, chemicals, & agricultural products when a strong 2-thread closure is needed. It is also possible to connect artificial Lawn with the Newlong Industrial NP-3(II). The possibilities with this hand held machine are versatile.
